# Say hello to the NEW Roller & Vertical Collection

---

Both collections have been developed by our Style Studio interior experts and are full of colour, patterns, and textures to inspire you to create an interesting and dynamic interior look.

All of our fabrics have been developed and tested to their limits to ensure you receive outstanding, quality fabrics.

# Features & Benefits

The fabrics within the Roller & Vertical collections are not only aesthetically pleasing, they also boast a range of extra performance properties!

## Blackout

Offers additional light control, the perfect option for a child's bedroom for a peaceful night's sleep.

## Fire Retardant

Gives peace of mind for those areas where flames may be present.

## Moisture Resistant

Prevents dampness, stopping mould from forming. Perfect for blinds in your bathroom or kitchen.

## Recycled Fabric

Fabrics that have been developed using yarn that has been derived from post-consumer recycled plastic are a stylish option but also help to reduce plastic waste.

# Colour Story

When you are trying to create that perfect interior vibe it is important to select the perfect colour as it will be key in transforming the mood of your home.

# Bring nature inside the home

Habitation is centred around the desire for a wholesome and ethical life.

The trend is inspired by simple shapes, botanical repeats and leafy foliage.

---

The colour palette for Habitation is led by earthy tones that are merged with vibrant shades of yellow, green and blue.

Sloth eco Blackout Rainforest

# Indulge the senses and give a fresh take on maximalist style

Sensorial Delight is led by bold geometric repeats, contemporary patterns, flowing lines, simple silhouettes and traditional motifs.

---

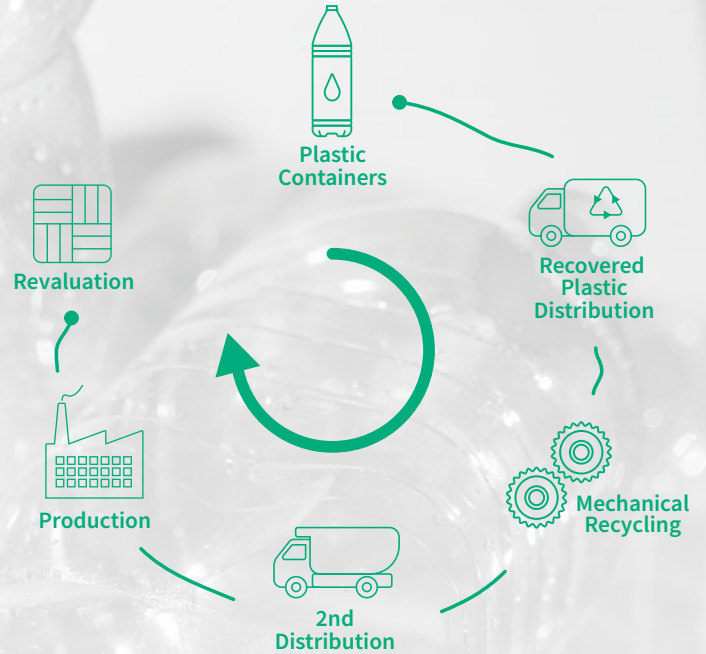

The colour palette for this trend is led by soft green and blue tones combined with rich jewel tones of emerald, purple and pink.

Alaria Magenta

# It's good to be green!

Style Studio are working hard to do more to benefit the environment.

That is why we have created a range of high-quality versatile recycled Roller & Vertical fabrics that have been developed using yarn that has been derived from post-consumer recycled plastic.
